

# I'm in.

I practice medicine to keep families healthy. We need answers on how our air, water, soil, and food affect conditions such as asthma, autism, diabetes, and obesity.

I support the National Children's Study.

# I'm in.

There's nothing I wouldn't do for my baby. Eat my veggies, exercise, take vitamins.

But I'm doing something that will benefit future generations, too.

I support the National Children's Study.

# We're in.

When we have kids, our wish for them – and all kids – is to grow up strong, happy, healthy and safe.

Being part of the National Children's Study is one thing our family can do to make a difference.

We support the National Children's Study.

# Cuenta conmigo.

No hay nada que no haría por mi bebé: Comerme mis vegetales, hacer ejercicios, tomarme mis vitaminas.

Pero también hago algo que no sólo beneficiará a mi bebé, sino que a toda la próxima generación de bebés.

Yo Apoyo el Estudio Nacional sobre Niños.
